

Newtown School Curriculum 2023-26

Nurturing Lifelong Learners

Intent

Our Purpose To create a positive, safe and nurturing environment, where everyone belongs and is encouraged to shine and become the best they can be.

Our Values	Caring			Curiosity			Courage		
Our curriculum intentions	To be a welcoming and inclusive school at the heart of our local community	To provide a safe, and supportive environment, where all can flourish	To care for ourselves, each other and our planet	To develop curious and inquisitive minds	To encourage fearless exploration and discovery	To foster meaningful connections with people, our community and the world	To inspire everyone to aim high	To build self-belief and the courage to do what is right	To develop resilience to overcome challenges

Implementation

Staff will provide	Well-structured lessons with clear learning intentions and success criteria	Explicit teaching with modelled examples	Adaptations to remove barriers to learning	Multiple Exposure to provide opportunities to encounter, engage and discuss learning	Collaborative and small group work	Exploratory learning	Linking learning to prior learning and their own lives	Feedback	Metacognition
Enhancement	Nurture Work	Thinking and Learning Skills	Parent Voice	Educational Visits	Visitors	Themed Events	Charity Days	Community Work	Extra-curricular clubs

Impact

Achievement is represented across three areas	Standards Children make expected or better than expected progress on their targets, which are set according to their on-entry baselines.	Learning Children enjoy learning and are confident, successful and increasingly independent. They demonstrate positive behaviours for learning and are resilient when faced with challenges.	Personal Development Children are confident and happy and know how to deal with setbacks in a positive way. They make positive choices, which benefit themselves, the school and local community.
